

Android Email Setup

Open your Mail app from your Apps list or from the Accounts menu in your Settings.

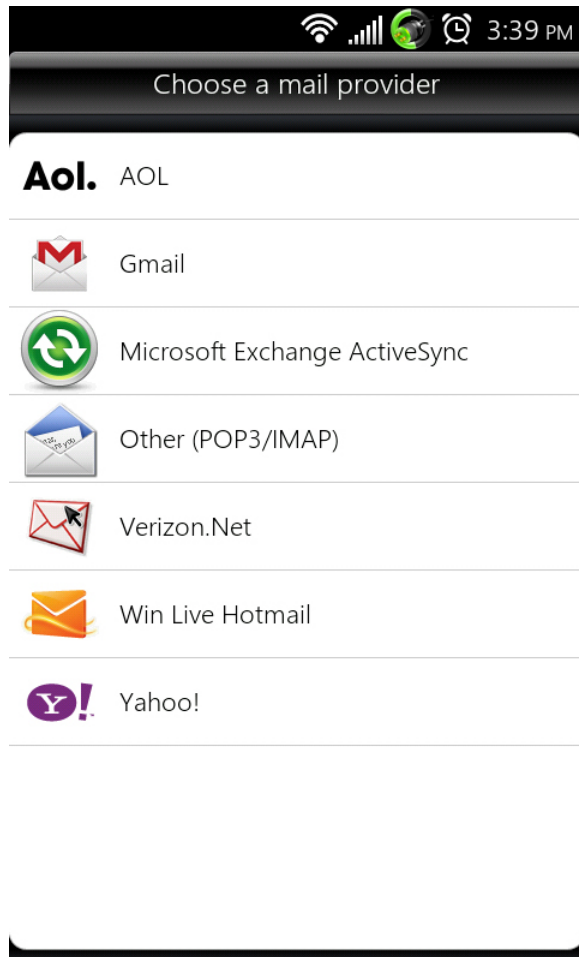

If this is your first email account then it will ask you start entering your information. If not, press the dropdown button to the top-left to open the Accounts list. (You can also press the Menu button and select "Accounts list" to do this)

Once you have the accounts list open select "New account".

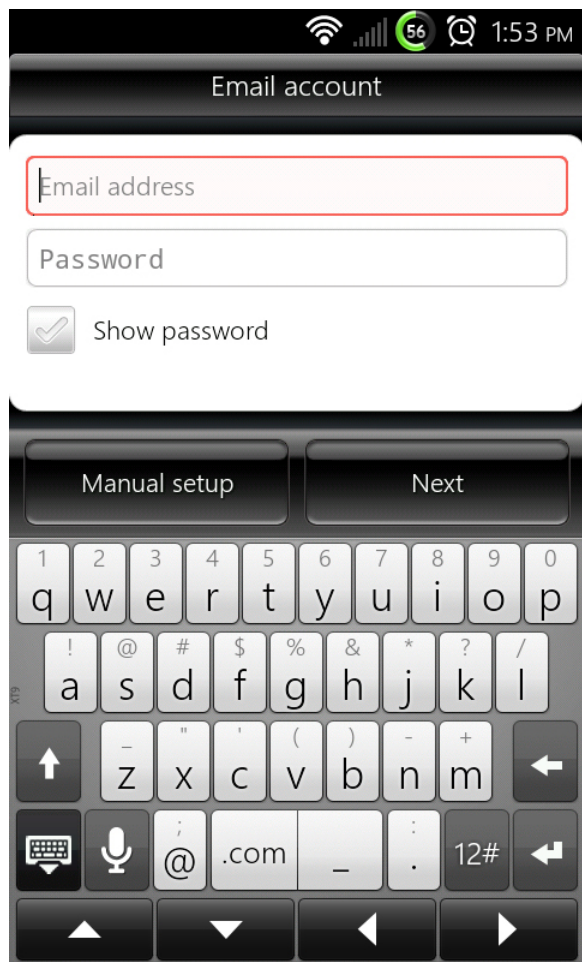

Select "Other (Pop3/IMAP)"

Enter your email and password provided to you by Big Rig Media.

Press Next.

Enter the following information

- Protocol: IMAP
- Email address: (your email)
- Username: (your email)
- Password: (your password)
- IMAP server: mail.bigrigmedia.com
- Security type: None
- Server port: 143

Press Next.

The screenshot shows an iPhone screen with the title 'Incoming settings'. At the top, the status bar displays signal strength, Wi-Fi, 55% battery, and the time 2:02 PM. The settings are as follows:

- Protocol: IMAP (dropdown menu)
- Email address: jesse@bigrigmedia.com
- Username: jesse@bigrigmedia.com (highlighted with a red border)
- Password: masked with dots
- IMAP server: mail.bigrigmedia.com
- Security type: None (dropdown menu)
- Server port: 143

At the bottom, there are two buttons: 'Back' and 'Next'.

Enter the following information

- Make sure **Login required** is checked
- Username: (your email)
- Password: (your password)
- SMTP server: mail.bigrigmedia.com
- Security type: None
- Server port: 587

Press Next.
