

Mail Forwarding

The mail Forwarder allows to automatically send your messages to other addresses such as Gmail or Hotmail accounts.

Login to Big Rig Media Webmail at: <http://mail.bigrigmedia.com/>

Select: Tools > Options > Forwarder

Forward to: Enter an email address to have all messages forwarded to that address.

Keep mails in mailbox: Check this box to leave a copy of the forwarded messages on the server.

Forward mail older than (Days): Check this box and enter a value in the text box to have older messages forwarded to an address. Once a message has been on the server for the number of days specified it will be forwarded.

Click OK to save and finish.
