

BIGRIGMEDIA®

Dear valued Big Rig Media customer,

You already have a business website, we know — we probably built it for you. And we also know that Big Rig Media designed and developed it using Microsoft's classic ASP software.

Now, we don't want to get all web geek on you, but Microsoft discontinued development of classic ASP, meaning an end to updates and significantly diminished support.

Translation:

You may soon be facing the risk of outage and downtime due to your site's use of an outdated web programming language.

But the good news is, there's never been a better time than now to **convert your web platform to WordPress**.

TAKE CONTROL OF YOUR WEBSITE TODAY!

Here's why you should convert to WordPress:

- » WordPress is arguably the **most popular Content Management System (CMS)** amongst small businesses today.
- » **Facebook, Google, Wikipedia, NBC Sports, CNN, TIME, Dow Jones, UPS, CBS, BBC,** and a veritable *Who's Who of VIP Clients* all use WordPress in some way, shape or form.
- » WordPress offers hundreds of **site performance-enhancing plug-ins**, including SEO and spam filtering.
- » WordPress is **easy to learn**, features a scalable and flexible framework, and allows you to update content on the fly.
- » WordPress features **mobile-friendly and responsive design** website capabilities.
- » **And, most important of all . . . Big Rig Media will now convert your current Classic ASP site to WordPress and PHP for just \$1500*!**

Call us at (866) 524-4744 and get started on your conversion to WordPress today!

Best regards,

Jeff Beyer
